VISITING SERVICES CHANGES

You may have heard that DOC, like all other state agencies, is experiencing budget pressures and staffing challenges. Because of this, we need to make some changes. We want you to know that visiting days will be reduced at all facilities in the coming months. If you are in minimum custody, visiting will be on weekends only, unless noted for holidays or special events. If you are in medium custody, visiting will be on two weekdays and on weekends. We know this is difficult news. Visiting is a key part of supporting the well-being of adults in custody, maintaining family ties, and preparing individuals for successful reentry. DOC remains committed to ensuring visits continue to play a meaningful role within our facilities. We are trying to make this a short-term change, not a permanent one. As budget conditions change, we will always be looking for ways to increase visiting options. Adjusting visiting schedules is one of many steps DOC is taking to help manage the budget challenges while we balance maintaining safety and daily operations such as day-rooms, yard times, programming, education, and other operational requirements. **Let your family and friends know they should call or check with the facility to find out the exact visiting days and times or to check our website. They can also sign up for real-time visiting alerts, so they receive text and emails about changes as they happen.** *NOTE: For both SRCI & SRCM, if a holiday falls on a regularly scheduled visiting day, visiting will remain open. Thank you for your patience and understanding.

Participation in recreation programs like Pickleball helps strengthen both individual accountability and community respect. Please remember • **Pickleball is a privilege, not a right** • Good sportsmanship and respectful conduct are required at all times • Equipment must be handled with care to ensure long-term use and availability • A safe, positive, and healthy athletic environment depends on everyone's cooperation.
