KITCHEN

Here are some facts you might not know about food waste:

1. 1.3 billion tons of food are wasted every year
2. This amounts to US\$1 trillion dollars of wasted or lost food
3. If wasted food was a country, it would be the third largest producer of carbon dioxide in the world, after the United States and China
4. Just one quarter of all wasted food could feed the 795 million undernourished people around the world who suffer from hunger
5. Food waste in rich countries (222 million tons) is approximately equivalent to all of the food produced in Sub-Saharan Africa (230 million tons)
6. A European or North American consumer wastes almost 100 kilograms of food annually, which is more than his or her weight (70 kilograms)
7. A European or North American consumer wastes 15 times more food than a typical African consumer
8. Lack of technology and infrastructure is the main cause of food waste in Africa, as opposed to household food waste in the developed world

9. Food waste generates 3.3 billion tons of carbon dioxide, which accelerates global climate change
10. Here at DRCM our food loss or waste is mainly caused by two things: Over production and when food is intentionally discarded.
11. In an effort to reduce the amount of food waste that is going to the landfill we will be implementing an **"Eat what you take"** policy. Simply put, you only take what you want to eat and you eat what you take. This will eliminate the need to cook extra product and it will reduce the amount of waste going to the scullery which ultimately ends up in the landfill.
12. We will begin using the **"Eat what you take"** policy on November 5th, 2018. This is a wonderful opportunity for all of us (staff and inmates) to work together in reducing waste that ends up in our landfills. This policy will enable us to be better stewards of our environment and our resources.
13. Thank you for your cooperation in this matter

- During the holiday buying period, Central Trust will not collect existing DOC debt. However, non-DOC debt, such as court fees and garnishment orders, will be collected during the buying period, as well as fines associated with new disciplinary sanctions that are applied to your trust account.

Music Players (MP4 devices)

Over this past year there has been an attempt to locate a new MP4 device that would meet security needs. The contractor has been unsuccessful in this effort and has announced they are unable to offer any substitute music player. Current support and kiosk services for those inmates who already own the MP3/4 units will continue for the duration of the current contract. Music vouchers can still be purchased through commissary. All sales past, present, and future are final. No refunds are available. The hotline support call number 777 will remain functional and

While the Department of Corrections (DOC) recognizes that this news may be disappointing to some devices owners, the phasing-out of older technology is a rather common condition associated with electronics devices. If you purchased music, it belongs to you and cannot be transferred. Upon release, you can request your player be unlocked and/or your music placed on a disc for a fee. The vendor has indicated music cannot be given to a friend or family member.

Please indicate in the beginning of your letter you are filing a PREA allegation and you are requesting to remain anonymous. The Governor's Office will refer all anonymous allegations to the DOC PREA Coordinator to assure an investigation is completed based off the information that is provided.

Community-Based PREA Advocacy (Support) Program

ODOC has partnered with community based, confidential advocates of sexual abuse victims to provide services to inmates. Inmates at ODOC who have experienced sexual abuse may reach a community-based advocate by dialing 711 inmate telephone systems, or may request a private call through the PREA Compliance Manager at the facility. Advocates provide victims of sexual abuse information about their options, resources, information and emotional support. There is no charge for calls to advocates.

Role of an Advocate:

- ☞ Provide confidential support and crisis intervention
- ☞ Inform you about the investigation and medical examination process
 - ☞ Educate you about healing from sexual abuse
 - ☞ Offer resources and referrals

Advocates will:

- ☞ Not tell you what to do
- ☞ Not communicate with the institution unless you request them to do so and sign a release

⚡ Not provide legal advice

Community-based advocacy centers provide sexual abuse support to people of all genders. Community-based advocates will not report unless you request them to do so and if you sign a release of information.

DOC is committed to providing inmates with avenues to seek assistance. Below are additional resources:

Just Detention International Headquarters
3325 Wilshire Blvd., Suite 340
Los Angeles, CA 90010

The community-based advocacy crisis line is for individuals needing assistance coping with sexual abuse related issues and should not be used for other purposes.

Telephone calls and mail with community-based advocacy centers is considered privileged communication and will be handled similar to legal and official mail.
