

Hey Everyone,

Wow! Our club members were blessed to hear from author Jeanne Smith, I'll tell you what over 130 men and you could hear a pen drop. It actually became the talk of the prison the following day. If you all ever have a chance to hear her speak you'll be better for it.

Good news, we are starting Phase 2 of our Inside-Out DADs program, beginning next month we will begin classes on the 1st and 3rd Sunday nights, this will allow us to get more men through the program and expand into 2 or even 3 classes, we are on track to have more men becoming better fathers!

Paul and Chuck came in and had a really good meeting with our Batterer's Prevention Program. Looking forward to more in the future as well.

Of course our awesome regular club supporters, Terry, Sandy, and Scott all enjoyed a good night of sharing. We are gearing up for our Release Fair April 27th and then or banquets for a couple months so this has been a great year and with all of the awesome work being done in State legislation we are looking forward to good news to come to prison reforms and sentencing reforms.

**All my best,**

Kyle

**Thank You!~**
