Hey there,

First, of all, thank you for the cards and emails and letters of encouragement. I cut and pasted your responses and sent them to our membership and they really liked it! More exciting news, the club education channel, 75.1, is up and running, and we are already receiving requests for domestic violence packets. We also have anger management, that we will roll out sometime next month for the residents, so we will be busy as they year progresses. As many of you have heard from me before we are still looking for education based DVDs, because we have such a broad subject matter just about anything can be put to good use in here. Subjects could include, Art, Music, History, Parenting, Relationships, TEDTalks, Language, etc. We will continue to gather resources and partner with folks to keep this channel buzzing with good, educational, and rehabilitative programming. With all of the COVID-19 issues, getting this channel up and running is a good step moving forward with in-cell programming. We are also looking forward to seeing you all again and we'll just wait and see how the Governor gets Oregon open.

Again, thank you so much for your support and prayers, we have been blessed, please be safe and we'll send out nay new info we have as soon as possible!

**All my best,**

Kyle

*Thank You!~*
