WINNING WORDS:

"When I was 5 years old, my mother always told me that happiness was the key to life. When I went to school, they asked me what I wanted to be when I grew up. I wrote down 'happy'. They told me I didn't understand the assignment, and I told them they didn't understand life."

— John Lennon

THE "DOG DAYS" OF SUMMER

Many people believe the phrase "dog days of summer" stems from the fact that dogs tend to be a bit on the lazy side during the hottest days of summer. Of course, who can blame them? With that much fur, dogs that exercise during the steamy days of summer get hot in a hurry.

However, the phrase doesn't stem from lazy dogs lying around on hot and humid days. Instead, to find the answer, we only need to look to the summer sky.

The ancient Romans called the hottest, most humid days of summer "diēs caniculārēs" or "dog days." The name came about because they associated the hottest days of summer with the star Sirius. Sirius was known as the "Dog Star" because it was the brightest star in the constellation Canis Major (Large Dog). Sirius also happens to be the brightest star in the night sky.

Sirius is so bright that the ancient Romans thought it radiated extra heat toward Earth. During the summer, when Sirius rises and sets with the Sun, they thought Sirius added heat to the Sun's heat to cause hotter summer temperatures.

For the ancient Romans, the dog days of summer occurred from about July 24 to around August 24. Over time, though, the constellations have drifted somewhat. Today, The Old Farmer's Almanac lists the traditional timing of the dog days of summer as being July 3 until August 11.

Although the dog days of summer are usually the hottest, they don't have anything to do with either dogs or the star Sirius. Instead, the tilt of the Earth explains why these days tend to be the summer's hottest.

During summer in the Northern Hemisphere, the tilt of the Earth causes Sun's light to hit the Northern Hemisphere at a more direct angle, and for a longer period of time throughout the day. This means longer, hotter days during the summer.

Thirteen-year-old Brian Robeson is on his way to visit his father when the single-engine plane in which he is flying crashes. Suddenly, Brian finds himself alone in the Canadian wilderness with nothing but a tattered windbreaker and the hatchet his mother gave him as a present – and the dreadful secret that has been tearing him apart since his parents' divorce. But now Brian has no time for anger, self-pity, or despair – it will take all his know-how and determination, and more courage than he knew he possessed, to survive.

The AA/NA program to me is what helps keep me grounded and focused on what is important in life – Living Clean! Honestly, during this COVID-19 crisis it has been a troubling time. We have not had the opportunity to have meetings with our volunteers since March, but really we don't need volunteers to keep up with the principles of AA/NA. This program if worked does bring peace and guidance to the soul. It builds camaraderie and a sense of belonging to a community that have the same agenda – Staying Clean. Anyone interested in a new way of life come and join us at our meetings.

A Message from Financial Services

BIRTH CERTIFICATES AND SOCIAL SECURITY CARDS

To all Adults in Custody,

The Department of Corrections (DOC) has made the decision at the executive level to delay Court-Ordered Financial Obligation (COFO) collections as a part of Oregon Revised Statute (ORS) 423.105. We plan to review the start of collections in Fall 2020. The first delay of collections was announced in March 2020 with the spread of COVID-19. This further delay was decided to lessen the burden in these difficult times.

DOC understand the difficulties adults in custody (AICs) are facing with all that is going on around us. While we cannot delay the COFO collections forever, right now we can take steps to reduce additional hardship that may be caused by these new collections.

Starting in July, your Trust account statement will reflect all changes made to COFOs owed. This includes payments made directly to the Oregon Judicial Department (OJD) or court of record, to include payments made by friends and family, and court orders that have adjusted these amounts in any way. Any changes made to these amounts during the current month will show up on next month's trust account statement.

AICs with questions about these collections are encouraged to send an AIC communication to Financial Services (*electronic communications preferred*).

Sincerely,

Financial Services

Many already know how important it is to have your birth certificate and social security card, but it's worth repeating and even "kyting" about. Aside from the benefits of having your birth certificate while you're still inside, both pieces of identification are essential to your success after release because they are needed to get a job, open a bank account or cash a check, and apply for state or military benefits.

As you approach release, if the DOC does not have a birth certificate or social security card on file for you and if you may be eligible to receive one provided by the DOC, you will receive a kyte from the institution records office. Those approaching age 65 will also be sent a kyte if the DOC does not have a birth certificate on record. The kyte will tell you which piece of identification is missing and give you the means to start the application process. Just fill in the information, and forward the kyte to your institution records office. It's as simple as that.

NOTE: To eliminate duplications that could delay your application process, please complete and return only one each of the birth certificate and social security card kyte forms.

SODA COUPONS

Please do not fold or crease the soda coupons if you can avoid it. Folding and putting them in your pocket degrades coupons and prohibits them from working in the machines. Please be mindful of their treatment. Thank you for your cooperation in this matter.
