Rule Status Changes

From the Administrative Rules Program:

Below is the list of status changes made to DOC administrative rules since 01/01/21.

PROPOSED RULES:

291-097 Prison Term Modification

- Amends the rules to align with updated statutory language and references.
- Last day to provide comments: April 02, 2021 @ 5pm

291-100 Sentence Computation

- The Department of Corrections is required to compute sentences for offenders. These rule amendments are needed to clarify what information the Department needs in a judgment in order to fully compute the sentences imposed in that judgment. In addition, these rule amendments clarify how the Department interprets judgments that impose consecutive sentences with ambiguous language that may result in an overall term of incarceration that may be different (or longer) than the parties and the court intended.
- Last day to provide comments: April 02, 2021 @ 5pm

PERMANENT RULES

291-109-0025 Grievance Review System (AIC)

- Amends the rules to establish procedures to allow the department to close the grievance process early under certain circumstances.
- Effective: 02/01/21

Rulemaking comments must be provided to the DOC Rules Coordinator in writing at the address in the rulemaking notice. Communications submitted should be limited to providing comments on only one division/topic per communication. Do not include multiple divisions/topics in one communication, they will be returned. DOC rules are available for review and copies in the AIC law library.

Key Message for National Nutrition Month® 2021: Eat a variety of nutritious foods every day.

There is no one-size-fits-all approach to nutrition and health. We are all unique with different bodies, health goals, backgrounds, and tastes. So personalize your plate by taking advantage of the choices available at Foodservice meals. Think you don't have any choices? Consider these:

- Choose either the mainline meal or the Meat-Alternative Tray
- Choose to replace only the meat entrée with beans and have the rest of the mainline meal
- Ask for smaller portions of some foods - choose a portion size that fits your needs
- Ask for sugar-free condiments when available - choose to eat less sugar
- Ask for fruit instead of dessert - choose to eat less fat, less sugar and more fiber

And remember these tips for food from canteen:

- You choose how much food you order. Think about how much you really need. Do you eat snacks only when you are hungry? Or do you eat when you are stressed or bored? What else can you do besides eat to cope with your feelings?
- You choose what kinds of foods and drinks you order. Read the food labels and choose items low in fat, sugar, and salt. Choose to eat only the recommended serving size, not the whole package.

Change to 5-week Menu Cycle

Starting with the spring-summer 2021 menu, the menu cycle will be reduced from 6 weeks to 5 weeks. After service of week 5 is complete, the menu cycle will begin again with week 1.

Week 6 of the current menu cycle contained mostly meals that had already been served earlier in the cycle, so eliminating that week will not reduce the variety of meals served over the whole cycle.

The spring-summer 2021 menu cycle is scheduled to begin service on Monday, April 5th, 2021.

Amended Grievance Rule (291-109)

The grievance rule (291-109) was amended on February 1, 2021, to include the following language:

291-109-0225 (7) *The Assistant Director (or the Assistant Director's designee) who is responsible for providing a response in a final appeal under OAR 291-109-0235, may with the approval of the Inspector General or designee, discontinue further processing of the grievance after the Department's initial review and response to the grievance, or after the Department's review and response to the initial appeal. In such a case, the Department will include in its response to the AIC's initial grievance or initial appeal that the Department's response is final, and that no further response or appeal will be provided.*

When this amendment is utilized by the department, your accepted initial grievance or initial grievance appeal will be thoroughly reviewed and responded to by Administrative staff at the same level as a final grievance appeal that was not subject to this amendment. However, the response will also include the following closing language:

The Assistant Director/designee has determined that under 291-109-0225 (7), this response is final, and no further response or appeal will be provided.

Any complaint responded to with this rule language is not subject to further review by the Department, and no further appeals will be accepted (appeals will be returned), as this will conclude the administrative review process for the matter being grieved. Please note that this amendment will not be used for any complaints/appeals received by the Facility Grievance Coordinator prior to the date of adoption of this amendment.

This change will allow the department to expedite complaint responses in which it has been determined that the answer or response will not change from the last response provided by DOC, allowing DOC to focus resources on reviewing and resolving other active complaints for AICs. Examples are varied; however, this provision can be utilized for any complaint reviewed by DOC through the AIC grievance review system and only when approved by the Inspector General.
