The grievance rule (291-109) was amended on February 1, 2021, to include the following language:

291-109-0225 (7) *The Assistant Director (or the Assistant Director's designee) who is responsible for providing a response in a final appeal under OAR 291-109-0235, may with the approval of the Inspector General or designee, discontinue further processing of the grievance after the Department's initial review and response to the grievance, or after the Department's review and response to the initial appeal. In such a case, the Department will include in its response to the AIC's initial grievance or initial appeal that the Department's response is final, and that no further response or appeal will be provided.*

When this amendment is utilized by the department, your accepted initial grievance or initial grievance appeal will be thoroughly reviewed and responded to by Administrative staff at the same level as a final grievance appeal that was not subject to this amendment. However, the response will also include the following closing language:

The Assistant Director/designee has determined that under 291-109-0225 (7), this response is final, and no further response or appeal will be provided.

Any complaint responded to with this rule language is not subject to further review by the Department, and no further appeals will be accepted (appeals will be returned), as this will conclude the administrative review process for the matter being grieved. Please note that this amendment will not be used for any complaints/appeals received by the Facility Grievance Coordinator prior to the date of adoption of this amendment.

This change will allow the department to expedite complaint responses in which it has been determined that the answer or response will not change from the last response provided by DOC, allowing DOC to focus resources on reviewing and resolving other active complaints for AICs. Examples are varied; however, this provision can be utilized for any complaint reviewed by DOC through the AIC grievance review system and only when approved by the Inspector General.

Commissary Update

Date: Wednesday, March 03, 2021

UPDATE

To: Adults in Custody

From: Anita Nelson, Distribution Services Statewide Manager

Subject: Commissary News, Updates and Reminders

Updates:

Commissaries statewide continue to see product orders shorted or items not being shipped at all with numerous production delays from manufacturers. As manufacturing plants slowly re-open for processing, vendors are systematically supplying products to hospitals, schools then to large facilities. Vendors have their orders placed in anticipation that the supply chain will once again return to normal.

Your patience is appreciated as we are working diligently to ensure all products are available.
