May is Asian Pacific American Heritage Month. Since 1992 the entire month of May has been designated to celebrating these diverse cultures. It is especially important as it is marked by two very special events. The first Japanese immigrant arrived

in the US on May 7, 1843 and the anniversary of the Continental Railroad, which was completed on May 10, 1869, occurs. The Continental Railroad was completed with the help of tens of thousands of Chinese laborers. Their sacrifice and labor laid the groundwork for an infrastructure that is still in place today. Rooted in a long history of tradition and custom these cultures have helped to shape so many of the ideals and wishes that we hold to here in the US. For more than 150 years, Asian Americans and Pacific Islanders have played a vital role in shaping the American identity. And while they played a large role in the expansion and growth of the industrial and agricultural economy, they have faced intense discrimination and anti-immigrant violence. The history of mistreatment of these immigrants' dates far back and we have seen a recent rise in Asian American and Pacific Islander targeted crimes. The "Stop Asian Hate" movement has brought to light how far we have yet to come in creating and maintaining true equality here in the US. There are signs that point to progress as we look to State Senator Tina Maharath of Ohio, who was the first female Asian American to be elected. She encourages the Asian American and Pacific Islander communities to "speak up and not be quiet anymore." She says, "The only way to bring about change is by educating those that don't understand the culture, language and religion." May we all take a moment this month to celebrate the rich and varied culture the Asian American and Pacific Islander community brings to our society.

UNDERSTANDING DATE LABELS ON PACKAGED FOODS

From: The Kitchen

Many consumers don't understand the date labels on packaged foods, so let's see if we can clear up some of that confusion. Here are some facts about [packaged food date labels](#) and how to tell if your food is really spoiled.

Tips for understanding date labels

Date labels are based on quality, not safety (except for infant formula products).

- A “**Best if Used By/Before**” date indicates when a product will be of best flavor or quality. It is not a purchase or safety date.
- A “**Sell-By**” date tells the store how long to display the product for sale for inventory management. It is not a safety date.
- A “**Use-By**” date is the last date recommended for the use of the product while at peak quality. It is not a safety date except for when used on infant formula (infant formula products are required to have a “Use-By” date as regulated by the federal government).
- A “**Freeze-By**” date indicates when a product should be frozen to maintain peak quality. It is not a purchase or safety date.

Labeling is Voluntary

Manufacturers may add date labels voluntarily, and these labels should be considered an estimate. Food manufacturers add these date labels to inform consumers of the date up to which the food will be at its peak quality and flavor. Food should be safe to consume past its date label if it has been properly stored.

How to Tell if Food is Spoiled

Food that is abnormally soft, discolored, or has a bad smell is likely spoiled. Food that has molded or has developed a “slimy” film on it should not be eaten. In the case of canned goods, swollen or leaking cans often indicate a spoiled product.

Consumers should regularly evaluate foods their pantry and refrigerator, look for any changes in texture and smell, and use their best judgement when

deciding whether to eat or throw away a particular food.

OCE SCRUNCHIE LIMIT

From: OCE

Please note: We will not process any orders for scrunchies, sleep eye masks, or shower bags from June 14-30 as we need to do our year-end inventory and reconciliation.

OCE would like to thank you for supporting the OCE Sewing Program by purchasing scrunchies, sleep eye masks, and shower bags. In fact, you have been so supportive that we currently cannot keep up with the demand. To help us get caught up, we are limiting sales of scrunchies to two (2) sets per person through May 31. Starting June 1, we will limit sales to four sets per person per month through the end of September. Thank you!

OCE/DMV Work Opportunity

The OCE/DMV Call Center at CCCF is recruiting to fill five (5) open positions and also to establish a pool of candidates for future openings with the DMV Program. The work days are Monday-Friday. All applicants must meet the following qualifications:

Must have a valid social security number or equivalent	Must have a GED or High School Diploma
--	--

Have NO current convictions for ID Theft, Fraud, or Computer-related crimes or in previous 10 years	Have at least 6 months clear conduct <u>and</u> have completed 6-months kitchen requirement
Have NO program failures in the past 6 months	Requires the ability to sit and look at a computer screen for extended periods of time and understand voices on a headset.
Be able to read and speak English well.	Be able to work efficiently and professionally at all times.

DMV has provided me a place to stabilize, elevate, and cultivate my abilities, as well as discover new skills. I've learned so much about titling and licensing, process and procedures (which are quite interesting), but I have also learned more about myself. DMV has been instrumental in me reinventing myself. Residing inside these prison walls can damage a person's confidence, implement self-doubt – and frankly, most of us come here pretty lost and discouraged already. There is a great opportunity here to have some of that redirected and restored for those of you that want it.

When I am reading a driving record on my computer screen or talking on the phone with the title processing unit trying to solve an issue for an awaiting customer, I feel like I am part of something: something productive, useful, and necessary. I enjoy the value in the work that I do each and every day...and I am valued for it. This career choice for me has been a blessing. It is challenging and rewarding, constructively consistent, and this job prepares you for a variety of positions available beyond DMV upon your

release. There are many lateral job opportunities that the call center will prepare you for (just another developmental benefit). My experience as a customer assistance phone agent for the Coffee Creek Call Center has been a very positive one, full of growth and promise.

-LaShara Newman

Road to Success

Submitted By: M.Saunders (RTOS Clerk)

What is RTOS?

The *Road to Success (RTOS)* program is in place to help AIC's with 120 days or less prepare for their release. It consists of five components: 1) Employment (six sessions) 2) Working effectively with your Parole Officer 3) Your family, Your

Community, and Your release 4) Money management (two sessions) 5) Tenant Education (four sessions). All the classes are voluntary, and you will have the chance to sign up when doing the RTOS assessment (see below).

How does it work?

At about 6 months to release RTOS will send an assessment packet to you. You will answer and return the assessment sheet and begin the process of being scheduled for classes. Classes start approximately 2 months or less to release.

"Super Star" status is earned by taking all 5 of the available transition classes. Take advantage of any or all of the classes that will help you upon re-entry. This curriculum works in conjunction with current programs and courses you may already be taking. AIC's will also have the opportunity to work one-on-one with transition staff to set up an individual transition plan for release. Be sure to take advantage of every program to ensure your success!

Open Office Hours

Minimum Programs Building

D-17

Tuesdays: 8:00 am – 10 am

Please be appropriately dressed and bring a pen

If you are within 120 days of release and have transition needs such as employment information, which resources are available in the community you are returning to? We are here to assist you. You can work on a release plan, contact DMV, research housing options for your county, sign up for additional classes and handle various other transition related issues. Stop by our office during open office hours once you are within **120 days or less from your release**.

Highlights

Upon release when you are applying for housing, **did you know** that you can ask for the landlords screening criteria and they are required to share it with you? It is important to get a copy of the landlord's screening criteria before you apply and before you pay any money. You need to see exactly what information the landlord considers when deciding when to rent to someone. It is important to read the screening criteria carefully to see if you will pass or not. Remember, a landlord screens application for information like rental history, eviction and criminal histories; Income amount; and references.

This is just a little of the information that we will be sharing with you in the tenant education class. The class includes information on Fair Housing laws and reasonable accommodations for people with disabilities. Feel prepared to know your rights when it comes to renting upon release. We look forward to seeing you in class.

TO ALL ADULTS IN CUSTODY

From: DOC

To All Adults in Custody,

Yesterday, the Centers for Disease Control and Prevention (CDC) and the Oregon Health Authority issued new guidance for lifting mask and social distancing requirements for fully-vaccinated individuals. It is yet another sign that, if we all continue to do our part, the pandemic is coming closer to an end.

Starting May 13, 2021:

- Oregonians who are fully-vaccinated no longer need to wear masks or social distance in *most public spaces*.
- There are a few exceptions, such as public transportation, hospitals, **correctional facilities**, and long-term care facilities.

Thank you for your continuing to wear masks and keeping yourselves and those around you safe.

A todos los adultos bajo custodia,

Ayer, los Centros para el Control y la Prevención de Enfermedades (CDC) y la Autoridad de Salud de Oregon emitieron una nueva guía para los requisitos de levantamiento de máscara y distanciamiento social para personas completamente vacunadas. Es una señal más de que, si todos seguimos haciendo nuestra parte, la pandemia se acerca a su fin.

A partir del 13 de mayo de 2021:

- Los residentes de Oregon que están completamente vacunados ya no necesitan usar máscaras o distancia social en la mayoría de los espacios públicos.
- Hay algunas excepciones, como el transporte público, los hospitales, las instalaciones correccionales y las instalaciones de atención a largo plazo.

Gracias por seguir usando máscaras y por mantenerse a salvo a sí mismos y a quienes los rodean.

PREA INFORMATION

From: DOC

It is normal for people who experience sexual abuse to feel overwhelmed and have a lot of questions about what their options are. It is also important to remember no one deserves to be sexually abused. It is not your fault. Surviving and healing is possible.

AIC's who have experienced sexual abuse may reach a community-based advocate by dialing "711" from the AIC telephone system. Community-based advocates provide survivors of sexual abuse information about their options, resources, information and emotional support. Calls to "711" are confidential and free of charge.

Advocates role

- Provide over-the-phone confidential support and crisis intervention related to sexual abuse
- Talk with a survivor about their current and ongoing safety
- Explain reporting options available through PREA
- Support survivor at a sexual assault forensic medical examination
- Support survivor at an investigatory interview related to sexual abuse, as requested
- Educate/teach survivor coping skills for healing from sexual abuse
- Provide resources and referrals
- Provide follow-up support

An advocate's role is

- Not make decisions or tell a survivor what to do
- Not tell a survivor whether to report
- Not investigate a crime
- Not provide legal advice
- Not be a survivor's friend
- Not provide therapy
- Not communicate with the institution unless the survivor requests them to do so and only with a signed limited release of information

Community-based advocacy centers provide sexual abuse support to people of all genders. Community-based advocates will not report the sexual abuse unless you request them to do so and only if you sign a release of information. Advocacy crisis lines are not a reporting hotline. If you wish to file a report, you may contact the Inspector General Hotline by dialing 9 on the AIC telephone system, writing an AIC communication (kyte), filing a grievance, or writing the Governor's Office at State Capitol, Room 160, 900 Court Street, Salem, OR 97301. DOC is committed to providing AIC's with avenues to seek assistance. Below are additional resources:

The community-based advocacy crisis line is for individuals needing assistance coping with sexual abuse related issues and is not to be used for other purposes. Contacting an advocate for anything other than services related directly to coping with sexual abuse takes away valuable resources for sexual assault survivors who need an advocate's help. Telephone calls and mail to community-based advocacy centers are considered privileged/confidential communication and will be handled like legal calls/official mail.

You may reach your community-based advocate by dialing "711" from the AIC telephone, dialing their direct crisis line number, or sending written correspondence.

DID YOU KNOW?

The story of Pandora's box begins with the story of Zeus, Prometheus, and Epimetheus. Prometheus and his brother Epimetheus were Titans but pledged their loyalty to Zeus and the Olympians, since Prometheus

was born with the special power of prophecy and knew that Zeus would defeat the Titans. Zeus rewarded Prometheus and Epimetheus for their loyalty and gave them the job of creating the first creatures to live on Earth. Epimetheus formed the animals and gave each a special skill and form of protection. Prometheus took his time molding man, and was left with no forms of protection since Epimetheus had already given them all away. Prometheus knew man needed some form of protection and asked Zeus if he could let man have fire. Zeus refused. Fire was only for the gods. Prometheus ignored Zeus and gave man fire anyway. For this, Prometheus was punished. Zeus tied him with chains to a rock far away in the Caucasus Mountains where nobody would find him. Every day Zeus sent an eagle to feast upon Prometheus' liver, which grew back every day so that Prometheus would have to endure this torture daily until Heracles found Prometheus and killed the eagle and let Prometheus go.

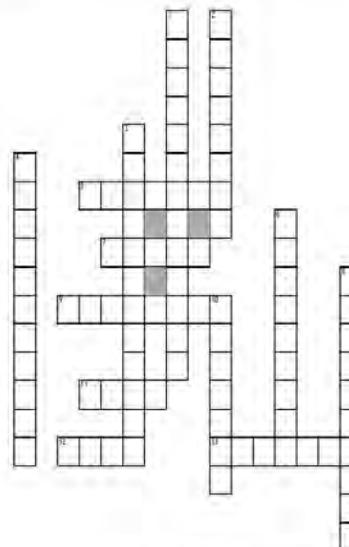

This torture wasn't enough of a punishment for Zeus who also believed that humans should be punished for accepting the gift of fire from Prometheus. To punish man, Zeus created a woman named Pandora. She was molded to look like the beautiful goddess Aphrodite. She received the gifts of wisdom, beauty, kindness, peace, generosity, and health from the gods.

Zeus brought her to Earth to be Epimetheus' wife. Even though Epimetheus' brother, Prometheus, had warned him of Zeus' trickery and told him not to accept gifts from the gods, Epimetheus was too taken with her beauty and wanted to marry her anyway.

As a wedding present, Zeus gave Pandora a box (in ancient Greece this was called a jar) but warned her never to open it. Pandora, who was created to be curious, couldn't stay away from the box and the urge to open the box overcame her. Horrible things flew out of the box including greed, envy, hatred, pain, disease, hunger, poverty, war, and death. All of life's miseries had been let out into the world. Pandora slammed the lid of the box back down. The last thing remaining inside of the box was hope. Ever since, humans have been able to hold onto this hope in order to survive the wickedness that Pandora had let out.

"Pandora's box" now means anything that is best left untouched, for fear of what might come out of it.
