Subject: COVID-19 Second Booster

The Centers for Disease Control and Prevention (CDC) have approved second COVID-19 boosters for individuals aged 50 years or older, *IF* their booster (regardless of type J&J or Moderna) was received at least four months ago. It is advised they receive Moderna (a mRNA vaccine), but the patient can have either.

Those of you fitting into this category will be contacted by Health Services. If you chose to receive the vaccine and booster in the past, you will be asked if you would like a second booster – as long as you are 50 years of age or older and received your last dose at least four months ago. You may opt out of the second booster at any time.

At this time, CDC's guidelines do not endorse giving a second booster for individuals under 50. Contact Health Services with any questions.

Tema: Segunda inyección de refuerzo Covid-19

El Centro para el Control y la Prevención de Enfermedades (CDC) ha aprobado una segunda inyección de refuerzo Covid-19 para los individuos de 50 años o más, si su refuerzo (independientemente del tipo J&J o Moderna) fue recibido por lo menos hace cuatro meses. Se aconseja que reciba Moderna (una vacuna mRNA), pero el paciente puede recibir cualquiera.

Aquellos de ustedes que encajan en esta categoría serán contactados por los servicios de salud. Si usted eligió recibir la vacuna y el refuerzo anteriormente, se le preguntará si quiere recibir el segundo refuerzo – siempre y cuando usted tenga 50 años o más y recibió su último dosis por lo menos cuatro meses atrás. Usted puede optar por no participar en cualquier momento de no recibir el segundo refuerzo.

En este momento, las directrices de CDC no respaldan dar un segundo refuerzo a los individuos menores de 50. Contáctese con Servicios de Salud con cualquier pregunta.
