NEW ATHLETIC EQUIPMENT INSTALLED

The SRCI Physical Plant and its workers are excited to announce that AICs of Complex 1 have been gifted a brand-new athletic room in their gym. Physical Plant and Recreational Staff coordinated to make this new and exciting upgrade possible, using learned skills and techniques to install new Heavy Weight Power Benches and Pull-Up Bars. Having more of these benches and racks will provide an opportunity for a greater number of AICs to participate in bettering their physical and mental health.

Along with these major benefits to mental health, these activities aid in supporting healthy blood pressure, lower stroke and diabetes risk, and strengthening essential muscles and joints that could be affected by age.

SRCI Recreation would like to give a big thank you to the following Physical Plant workers for their hard work in installing this new equipment; Victor Chacon, Gary Williams, Shawn Quilty, Keith Phipps, and Kenneth Gary.
