Mainline Showers

The mainline showers are being renovated. The renovations will be completed one side at a time.

The good news is that once the renovations are done mainline showers will have shower stalls which will increase privacy. These will be similar to shower stalls already available at other DOC facilities. Unfortunately, one side of the showers will be closed during the renovation.

We are sorry for the inconvenience this will cause, but believe the population will be happy with the end result. Thank you for your patience during the construction.

GENERAL SERVICES

Food Theft

Food theft from Culinary is a major problem for the Institution. It impacts our ability to ensure adequate portions of the published menu are available, jeopardizes the health of individuals taking perishable food that is not being properly stored or cooked. It also has a significant effect on our ability to work within our food service budget.

This notice constitutes a direct order that you are not to take any food items from the Kitchen other than uncut fruit in the quantity served (per your AIC Handbook). The following plan was designed to address this issue in a reasonable, consistent way.

1. If an AIC is caught stealing, or attempting to steal food, the food will be confiscated and disposed of accordingly. If the value of the food is less than \$20, the AIC will be issued a minor misconduct report. The minor misconduct report will be for Disobedience of an Order III and will include the cost of all food items that must be disposed of due to the theft/attempted theft or misuse. If the value of the food is \$20 or more,

the AIC will receive a major misconduct for Contraband II, and will also be charged for the cost of food that must be disposed of.

2. If the AIC stealing the food is assigned to the Kitchen or Dining Room, they will receive a program failure along with the Misconduct Report.
3. This process will be used for foodstuff found outside the Culinary Section (for example cell searches, etc.) if the items can reasonably be determined to have been taken from the Food Services.

Note: This does not prevent a staff member from issuing a misconduct report for a higher level charge (Contraband II) in the event the AIC has received a recent minor misconduct previously for the same conduct.

Plumbing Work/Repair Requests

For timely processing of work/repair requests for plumbing in your housing cell or at your work location, please follow the procedure outlined below:

For housing cell:

Notify your tier officer or block sergeant as soon as an issue arises. Provide a brief but detailed explanation.

An electronic work order request will be submitted to the Physical Plant Office for processing.

For work location (i.e., OCE, Food Services, Yard):

Notify your staff supervisor as soon as an issue arises. Provide a brief but detailed explanation. An electronic work order request will be submitted to the Physical Plant Office for processing.

All work order requests are prioritized based on the nature of the request and the current workload of the Plumbing Shop. Lower priority items such as a dripping cell faucet will be addressed as the workload allows.
