What's New in the News at The Creek?

TACE News!!!

Through a Child's Eyes, (TACE), is right around the corner: August 10th for Minimum and August 11th for Medium, which is coming sooner than you think.

The Wilsonville Rotary Club has been sponsoring this annual event at Coffee Creek since 2002. It is an amazing opportunity for you to bond with your school-aged children in a fun, outdoor carnival environment.

Applications to participate have been placed on all housing units.

Applications must be received by June 15th, so don't wait. If you put it in the mail on the 14th or 15th, you probably won't get in...

CRAFT PROGRAM REMINDERS

Don't forget that you **MUST** place an order every six months, otherwise you will be contacted to turn in your craft box and dispose of (i.e. mail out at your expense, have picked up or hot trashed through Life Skills) all remaining supplies. It is your responsibility to keep track of this. If you place an order and it is canceled, returned, refunded or otherwise not received due to circumstances out of **YOUR** control, it will still count as making an order.

Remember that all orders **MUST** be received by the **Medium Life Skills Department** no later than the 15th of each month. Please keep in mind that it can take several days for the mailroom to get your orders to us so send early. We will **NOT** submit the orders to the Business Office any sooner than the 15th of the month.

AICs are not allowed to enter the Programs Building (D-Building) in Minimum without being on call out or without specific direction from staff. This has always been the practice and because of an increased number of AICs failing to follow this practice, we are providing this reminder. Failure to adhere to this expectation will result in progressive discipline.

PHOTOGRAPHY FAQs

THE LIFE OF A PHOTOGRAPH

“I took a photo at my Unit’s photography session on Monday. Why haven’t I gotten it yet?”

Let’s take a look at the life of a photograph, from taking it, to receiving the finished product in your hands.

1. Unit Photography day arrives and your friendly photographer takes your picture. Your photo and paperwork are then placed in a clear envelope to be placed into the J/K bubble until next picture day or pick-up day later that week.
2. Unit photos are picked up from the J/K bubble in the morning at the first of each week and brought back into the Lifeskills Office. At this point your photo was taken up to 7 days ago.
3. The Photography Coordinator reviews the SD cards holding the photos, which takes 1 – 2 days.
4. SD cards are then given to the Photography Clerk, who separates paper orders and readies CD28s to go to Business Office. CD28s are entered into a database and packaged to take to Central Trust. This takes 1 – 2 days.
5. CD28s are processed at Central Trust and returned to the Lifeskills office. This can take from 4 to 14 days.
6. CD28s are placed back on the Photographer Clerk’s desk, and can be checked off against her hard copy. Non-sufficient Funds returns are separated and their orders are pulled to the side to be processed separately.
7. Pre-printed photos can now be matched with successful CD28s, taped up, sorted by units, and filed in our mailbox to go to you. This can take 1-2 days.
8. Mail is taken to each unit’s officer, to be passed out as security and convenience makes possible. This can take a varying amount of time, depending upon the unit and the officer.
9. This puts the photos you have taken on your desk, anywhere from 10 to 28 business days from the day that you posed for them!

Informational Briefing

Court Ordered Financial Obligations (COFOs)

What are Court Ordered Financial Obligations (COFOs)?

COFOs are financial obligations owed by an Adult in Custody (AIC) assigned during a legal proceeding. COFOs may consist of restitution, fines, fees, child support, or civil judgements including money owed to a victim. *Note: COFOs are not the same as County and U.S. Court Filing Fees.*

Why does the Department of Corrections (DOC) collect COFOs?

Oregon Revised Statute (ORS) 423.105 became law in 2017, directing DOC to collect COFOs on behalf of the Oregon Judicial Department (OJD) and the Department of Justice (DOJ).

How are COFOs collected?

COFOs are collected from eligible deposits, or deposits that are not protected from debt and obligation collection. Examples of eligible deposits include AIC performance monetary awards (PRAS) and moneys received from an AIC's family or friends.

10% of each eligible deposit is collected until the AIC's transitional savings has reached \$500. After the AIC's transitional savings has reached \$500, 15% of each eligible deposit is collected for COFOs until those obligations are satisfied.

Who do I contact if I have questions about COFOs?

DOC is unable to provide case-specific information. AICs with questions or concerns about their COFO details should contact OJD/DOJ or the appropriate court of record.

Prison is a state of mind
not a state of being
Understanding that is so freeing
they try to confine me
within these walls
2 hour visits
and 30 minute calls
for the tears and pain I've caused
I'm sorry for it all
for the days I can't give back
and the ways of my past that
threw me off track
for the mistakes made and the
wrongs I try to right for the words
I can't get out and the letters
that I write
Prison is a state of mind
not a state of being
Understanding that is so freeing

TO: ALL ADULTS IN CUSTODY
 FROM: HEALTH SERVICES
 RE: EHR PROJECT
 DATE: JUNE 1, 2024

When you visit your health services providers, sometimes they use short words and or a couple of letters that you may see or hear but don't know what they mean. They use these shortcuts to help them work faster and communicate better.

As the Health Services Division gets closer to using the new Electronic Health Records (EHR) system, we want to review the meaning of some medical abbreviations.

Here are some common medical abbreviations:

ABBREVIATION	MEANING	INFORMATION
BP	Blood Pressure	The force of your blood pushing against the walls of your arteries.
HR	Heart Rate	The number of times your heart beats in one minute.
SpO2	Blood Oxygen Saturation	A measurement of how much oxygen your blood is carrying.
NPO	Nothing by mouth	Instructions given to not eat or drink the evening before a blood draw.
A1c	Hemoglobin A1c	A blood test that measures average blood sugar levels over a 3-month period.

Here are some abbreviations sometimes used in EHRs:

ABBREVIATION	MEANING	INFORMATION
HIE	Health Information Exchange	HIEs help to facilitate the exchange of data between EHRs
EMAR	Electronic Medication Administration Record	Part of the EHR where we record the medication you are given.
CDS	Clinical Decision Support	Built into the EHR, this tool assists your healthcare provider in making informed decisions about your health.
CPOE	Computerized Provider Order Entry	A provider uses this in the EHR to electronically order treatment services (such as medication or labs) instead of writing the orders on paper.

Knowing some of these abbreviations can help you feel more confident during healthcare visits and stay involved in your own health.

Remember, you can always ask your health provider questions about terms and abbreviations you don't understand!

PARA: TODOS LOS ADULTOS BAJO CUSTODIA
 DE: SERVICIOS DE SALUD
 Asunto: PROYECTO DE EHR
 FECHA: 1.º DE JUNIO DE 2024

Cuando visita a sus proveedores de servicios de salud, a veces estos utilizan palabras cortas o un par de letras que usted puede ver o escuchar, pero no conoce su significado. Los proveedores usan estas abreviaturas para poder trabajar con mayor rapidez y comunicarse mejor.

A medida que la División de Servicios de Salud se acerca al uso del nuevo sistema de Registros Electrónicos de Salud (EHR, por sus siglas en inglés), queremos repasar el significado de algunas abreviaturas médicas.

A continuación, se encuentran algunas abreviaciones médicas comunes:

ABREVIATURA	SIGNIFICADO	INFORMACIÓN
BP	Siglas en inglés de "presión arterial" (Blood Pressure)	La fuerza de la sangre que empuja contra las paredes de sus arterias.
HR	Siglas en inglés de "ritmo cardíaco" (Heart Rate)	El número de veces que su corazón late en un minuto.
SpO2	Saturación de oxígeno en la sangre (Blood Oxygen Saturation)	La medida para la cantidad de oxígeno que usted lleva en la sangre
NPO	Siglas en inglés de "Nada por vía oral" (Nothing by mouth)	Instrucciones que se dan para indicar que no debe comer o beber la noche anterior a una extracción de sangre.
A1c	A1c de hemoglobina (Hemoglobin A1c)	Un análisis de sangre que mide los niveles promedio de azúcar en la sangre durante un periodo de 3 meses.

A continuación se encuentran algunas abreviaturas que a veces se utilizan en el sistema de EHR:

ABREVIATURA	SIGNIFICADO	INFORMACIÓN
HIE	Siglas en inglés de "Intercambio de información de salud" (Health Information Exchange)	El HIE ayuda a facilitar el intercambio de datos entre los sistemas de EHR.
EMAR	Siglas en inglés de "Registro Electrónico de Administración de Medicamentos" (Electronic Medication Administration Record)	Parte del EHR donde registramos el medicamento que le han recetado.
CDS	Siglas en inglés de "Apoyo para la toma de decisiones clínicas" (Clinical Decision Support)	Integrado en el EHR, esta herramienta ayuda a su proveedor de atención de salud a tomar decisiones informadas sobre su salud.
CPOE	Siglas en inglés de "Entrada Computarizada de Órdenes de Proveedores" (Computerized Provider Order Entry)	Un proveedor utiliza esto en el EHR para ordenar servicios de tratamiento de manera electrónica (por ejemplo, medicamentos o análisis de laboratorio), en lugar de escribir las órdenes en papel.

Conocer algunas de estas abreviaturas puede ayudarle a sentir más seguridad durante las consultas de atención médica y a comprometerse con su propia salud.

¡Recuerde que siempre puede hacerle preguntas a su proveedor de salud sobre los términos y las abreviaturas que no entienda!

What is syphilis?

Syphilis is a sexually transmitted infection (STI) that can cause serious health problems. You can get syphilis by direct contact with a syphilis sore during vaginal, anal, or oral sex. It may not be obvious that your sex partner has syphilis. Syphilis sores can be in the vagina, anus, mouth, or under the foreskin of the penis, and can be hard to see. You cannot get syphilis through contact with objects, such as: toilet seats, door handles, tables, chairs, clothing, or eating utensils.

How can I reduce my risk of getting syphilis?

The only way to completely avoid syphilis is to not have vaginal, anal, or oral sex. Being in a monogamous relationship with a partner who has been tested, does not have syphilis, and using a condom every time you have sex lowers your chance of getting syphilis.

All pregnant people should receive syphilis testing at their first prenatal visit. If you are pregnant and have syphilis, you can give the infection to your unborn baby. This can lead to a low-birth-weight-baby. It increases the chances of early delivery or having a stillborn (a baby born dead) delivery.

What are the signs and symptoms of syphilis?

Common signs and symptoms of syphilis include: a single or multiple sores located where syphilis entered your body. These sores usually occur in, on, or around the penis, vagina, anus, and lips or in the mouth and are usually firm, round, and painless. Because the sore is painless, you may not notice it. The sore usually lasts 3 to 6 weeks and heals regardless of whether you receive treatment. Other symptoms may include a rash, fever, swollen lymph glands, sore throat, patchy hair loss, headaches, weight loss, muscle aches, and fatigue (feeling very tired). Untreated syphilis can lead to decreased vision, blindness, hearing loss, and changes in mental status.

Is there a cure for syphilis?

Yes, syphilis is curable with the right antibiotics. However, treatment might not undo any damage the infection has caused. Having syphilis once does not protect you from getting it again. Only laboratory tests can confirm whether you have syphilis. Follow-up testing by your healthcare provider is necessary to make sure your treatment was successful.

The Department of Corrections offers syphilis testing as part of our intake STD screening labs. If you have not been tested and would like to be screened for syphilis or other STDs, send a kyte to Health Services and ask for STD testing.

Preventable Health Care Screening Program

DOC Medical Services is interested in partnering with you to promote healthy behaviors and ensure you are as healthy as possible. If you are interested in discussing your health risk factors and ways you can maintain and improve your health, please send an AIC Health Communication to Medical Services and request a "preventative health care screening" appointment.

Los Servicios de Salud del Departamento de Correccionales esta interesado en asociarse con usted para promover comportamientos saludables y garantizar que este lo mas saludable posible. Si esta interesado en hablar sobre los factores de riesgo de su salud y las formas en que puede mantener y mejorar su salud, envíe una Comunicacion de Salud Medica No-Urgente a Los Servicios de Salud y solicita una "cita de evaluacion de atencion medical preventiva."

AIC Newsletter Article – 2022

Prison Rape Elimination Act (PREA Information)

The Oregon Department of Corrections (ODOC) has a zero tolerance policy for sexual abuse, sexual harassment and for retaliation for reporting an incident. You may report in person to any staff, through an AIC communication, through the grievance system, by calling the PREA hotline by making a language selection, then dialing 91 from any AIC phone.

Filing an Anonymous PREA Report

If you are uneasy about filing a PREA allegation, you may file an anonymous report with an outside agency.

You may write to:

Governor's Constituent Services Office
900 Court Street NE, Suite 254
Salem, Oregon 97301

Please indicate in the beginning of your letter you are filing a PREA allegation and you are requesting to remain anonymous. The Governor's Office will refer all anonymous allegations to the DOC PREA Coordinator to assure an investigation is completed based off the information that is provided.

Opposite Gender Viewing/Announcements

Opposite gender staff announcement themselves when entering a housing unit by ringing a bell. This must be done any time the status quo of the gender supervision on a housing unit changes (if there is already an opposite gender staff on the unit then there is not needed to re-announce). When you hear the doorbell, opposite gender staff will be entering the housing unit so please make sure you are covered up appropriately.

It is also important you undress in the appropriate locations. If you are located in a bunk area, there are cameras throughout the facility so the designated changing/bathroom areas are the only areas you should be without undergarments. Opposite gender viewing may happen incidentally when staff are conducting routine cell checks. You can minimize this by keeping aware of the gender of supervision in your housing unit and ensuring you cover up when possible.

Community-Based PREA Advocacy (Support) Program

ODOC has partnered with community based, confidential advocates of sexual abuse victims to provide services to AICs. AICs at ODOC who have experienced sexual abuse may reach a community-based advocate by making a language selection, entering your AIC PIN, then press 0*711 AIC telephone systems, or may request a private call through the PREA Compliance Manager at the facility. Advocates provide victims of sexual abuse information about their options, resources, information and emotional support. There is no charge for calls to advocates.

The community-based advocacy crisis line is for individuals needing assistance coping with sexual abuse related issues and should not be used for other purposes.

Telephone calls and mail with community-based advocacy centers is considered privileged communication and will be handled similar to legal calls/official mail. All advocacy calls are not monitored or recorded.

Advocates provide confidential support and crisis intervention, inform you about the investigation and medical examination process, educate you about healing from sexual abuse and offer resources and referrals

Advocates will not tell you what to do, communicate with the institution unless you request them to do so and sign a release and will not provide legal advice.

Community-based advocacy centers provide sexual abuse support to people of all genders. Community-based advocates will not report unless you request them to do so and if you sign a release of information.

Just Detention International Headquarters is a national advocacy resource and can be reached at:

3325 Wilshire Blvd., Suite 340

Ley de Eliminación de Violaciones en Prisión (Información PREA)

El Departamento Correccional de Oregon (ODOC) tiene cero tolerancias para el abuso sexual, el acoso sexual, y las represalias por denunciar un incidente. Puede informar en persona a cualquier miembro personal a través de una comunicación de AIC (adulto bajo custodia) o a través del sistema de quejas. Puede llamar a la línea directa de PREA, seleccionar el idioma y luego marcar 91 de cualquier teléfono de AIC.

Presentación de un informe PREA anónimo

Si no está seguro de presentar una acusación ante PREA, puede presentar un informe anónimo con una agencia externa.

Puede escribir a:

Governor's Constituent Services Office
900 Court Street NE, Suite 254
Salem, Oregon 97301

Por favor indique al comienzo de su carta, que está presentando una denuncia ante PREA y quiere permanecer anónimo. La Oficina del Gobernador remitirá todas las denuncias anónimas al Coordinador de PREA para garantizar que se complete una investigación basada en la información proporcionada.

Visualización/Anuncios de género opuesto

El personal del género opuesto se anunciará cuando ingresa a una unidad de vivienda, tocando un timbre. Esto debe hacerse cada vez que cambie el statu quo de la supervisión de género en una unidad de vivienda (si ya hay un miembro del personal del sexo opuesto en la unidad, entonces no es necesario volver a anunciar). Cuando escuche el timbre, el personal del sexo opuesto estará ingresando a la unidad de vivienda, así que asegúrese de estar cubierto adecuadamente.

También es importante que se desnude en los lugares apropiados. Si se encuentra en un área de literas, hay cámaras en toda la instalación. Existen áreas designadas para cambiarse, el baño es la única área en la que puede estar sin ropa interior. La visualización de sexo opuesto puede ocurrir incidentalmente cuando el personal realiza controles de celda de rutina. Puede minimizar esto siendo consciente del género de la supervisión en su unidad de vivienda y asegurándose de cubrirse cuando sea posible.

Programa de defensa (apoyo) basado en la comunidad PREA

ODOC se ha asociado con defensores confidenciales basados en la comunidad de víctimas de abuso sexual para brindar servicios a los AIC.

Los AIC en ODOC que han pasado por abuso sexual pueden comunicarse con un defensor comunitario seleccionando un idioma, ingresando su PIN de AIC, luego presionando 0*711 sistemas telefónicos. También pueden solicitar una llamada privada a través del Gerente de Cumplimiento de PREA en la instalación. Los defensores brindan a las víctimas de abuso sexual información sobre sus opciones, recursos, y apoyo emocional. No hay ningún cargo por las llamadas a los defensores.

La línea de crisis de defensa basada en la comunidad es para personas que necesitan ayuda acerca de los problemas relacionados con el abuso sexual y no debe usarse para otros fines.

Las llamadas telefónicas y el correo con los centros de defensa basados en la comunidad se consideran comunicaciones privilegiadas y se manejarán de manera similar a las llamadas legales/correo oficial. Todas las llamadas de defensa no son monitoreadas ni grabadas.

Los defensores brindan apoyo confidencial e intervención en crisis, le informaran sobre la investigación y el proceso del examen médico, lo educaran sobre cómo curarse del abuso sexual y ofrecen recursos y referencias.

Los defensores no le dirán qué hacer, no se comunicarán con la institución a menos de que usted les solicite que lo hagan y firmen un comunicado. No le brindarán asesoramiento legal.

Los centros de defensa basados en la comunidad brindaran apoyo en caso de abuso sexual a personas de todos los géneros. Los defensores comunitarios no informarán a nadie a menos de que usted les solicite que lo hagan y si usted firma una divulgación de información.

La sede internacional de Just Detención (Just Detention International Headquarters) es un recurso de defensa nacional y se puede contactar en:

3325 Wilshire Blvd., Suite 340
