Back exercises in 15 minutes a day

Back pain is a common problem that many people deal with every day. Exercise often helps relieve back pain and prevent further discomfort. The following exercises stretch and strengthen your back and the muscles that support it.

When you start, repeat each exercise a few times. Then, increase the number of times you do an exercise as it gets easier. If you're starting an exercise program because of ongoing back pain or after a back injury, talk to a physical therapist or other member of your health care team about activities that are safe for you.

Knee-to-chest stretch.

Lie on your back with your knees bent and your feet flat on the floor (A). With both hands, lift one knee and press it toward your chest (B). Squeeze your abdominal muscles and press your spine into the floor. Hold for five seconds. Return to the starting position and repeat with the other leg (C). Return to the starting position. Then repeat with both legs at the same time (D). Repeat each stretch 2 to 3 times. Do the entire routine once in the morning and once in the evening if possible.

A quote to keep in mind:

Every moment is a new beginning", "Nothing is impossible, the word itself says 'I am possible!'", "In the midst of difficulty there is an opportunity", "A journey of a thousand miles begins with a single step", "Look for something positive in each day, even if some days you have to look a little harder", "When one door closes, another opens" and "Creativity cannot be spent".

VICTIM SERVICES PROGRAMS

RESPONSIBILITY LETTER BANK

The Responsibility Letter Bank is a structured letter writing process that provides adults in custody (AIC) with the opportunity to demonstrate responsibility for their crimes and express remorse for the harm they may have caused.

The program provides crime victims/survivors with the choice to receive information in a safe manner.

- ◆□AIC's may initiate the process by applying to participate in the program
- ◆□Crime victims/survivors may inquire with Victim Services to find if they have a letter available for them
- ◆□Victims are not contacted about the availability of a letter if they have not registered with the Bank through Victim Services
- ◆□Victims decide whether or not they wish to receive a responsibility letter and whether or not the AIC is informed that the victim received or read the letter
- ◆□Participation does not constitute permission for the AIC to make additional contact
- ◆□Victims may choose to respond to a responsibility letter through the program, however, further correspondence requires the approval to participate in the FDP
- ◆□Letters will be reviewed by the Victim Services Program for appropriateness
- ◆□Accepted AIC letters will be deposited in the Responsibility Letter Bank maintained by Victim Services
- ◆□Letters are voluntary and will not affect an AICs good time, release date, or post-prison conditions

AIC Newsletter Article – 2022

Prison Rape Elimination Act (PREA Information)

The Oregon Department of Corrections (ODOC) has a zero-tolerance policy for sexual abuse, sexual harassment and for retaliation for reporting an incident. You may report in person to any staff, through an AIC communication, through the grievance system, by calling the PREA hotline by making a language selection, then dialing 91 from any AIC phone.

Filing an Anonymous PREA Report

If you are uneasy about filing a PREA allegation, you may file an anonymous report with an outside agency.

You may write to:

Governor's Constituent Services Office
900 Court Street NE, Suite 254
Salem, Oregon 97301

Please indicate in the beginning of your letter you are filing a PREA allegation, and you are requesting to remain anonymous. The Governor's Office will refer all anonymous allegations to the DOC PREA Coordinator to assure an investigation is completed based off the information that is provided.

Opposite Gender Viewing/Announcements

Opposite gender staff announcement themselves when entering a housing unit by ringing a bell. This must be done any time the status quo of the gender supervision on a housing unit changes (if there is already an opposite gender staff on the unit then there is not needed to re-announce). When you hear the doorbell, opposite gender staff will be entering the housing unit so please make sure you are covered up appropriately.

It is also important you undress in the appropriate locations. If you are in a bunk area, there are cameras throughout the facility so the designated changing/bathroom areas are the only areas you should be without undergarments. Opposite gender viewing may happen incidentally when staff are conducting routine cell checks. You can minimize this by keeping aware of the gender of supervision in your housing unit and ensuring you cover up when possible.

Community-Based PREA Advocacy (Support) Program

ODOC has partnered with community based, confidential advocates of sexual abuse victims to provide services to AICs.

AICs at ODOC who have experienced sexual abuse may reach a community-based advocate by making a language selection, entering your AIC PIN, then press 0*711 AIC telephone systems, or may request a private call through the PREA Compliance Manager at the facility. Advocates provide victims of sexual abuse information about their options, resources, information, and emotional support. There is no charge for calls to advocates.

The community-based advocacy crisis line is for individuals needing assistance coping with sexual abuse related issues and should not be used for other purposes.

Telephone calls and mail with community-based advocacy centers is considered privileged communication and will be handled like legal calls/official mail. All advocacy calls are not monitored or recorded.

Advocates provide confidential support and crisis intervention, inform you about the investigation and medical examination process, educate you about healing from sexual abuse and offer resources and referrals

Advocates will not tell you what to do, communicate with the institution unless you request them to do so and sign a release and will not provide legal advice.

Community-based advocacy centers provide sexual abuse support to people of all genders. Community-based advocates will not report unless you request them to do so and if you sign a release of information.

Just Detention International Headquarters is a national advocacy resource and can be reached at:

3325 Wilshire Blvd., Suite 340
Los Angeles, CA 90010

If you have any other questions regarding PREA, you may ask any staff member, write the PREA Compliance Manager at your institution, or you may write:

ODOC Health Services presents:

An EHR Short-Story

ONCE UPON A TIME ...

...there was a man named Mr. T. He had some health problems, but luckily, Health Services at the Oregon Department of Corrections had a special computer system called an Electronic Health Record (EHR) to help the doctors, nurses, dentists, and BHS work together.

One day, Mr. T had a really bad toothache, so he went to see the dentist, Dr. Larkin. Dr. Larkin looked at Mr. T's electronic health record (EHR) and saw that he had a lot of cavities in the past. He made a plan to fix Mr. T's teeth and asked the rest of the healthcare team to help.

Dr. Larkin talked to Nurse Ana. Together, they noticed that Mr. T was scheduled for sick call because of headaches and feeling tired. Nurse Ana met with Mr. T and updated the EHR with this new information. She thought it was important for Dr. Patel, the main doctor, to check it out.

Dr. Patel read the updated EHR and thought that Mr. T's tooth problems might be causing his other symptoms. She spoke with Dr. Larkin and Nurse Ana, and they decided to do some tests to make sure everything was okay with Mr. T.

Around the same time, BHS Martin met with Mr. T because he was anxious and sad. After looking at the EHR she saw that Mr. T had been recently seen by Dental and Medical and she knew pain can affect feelings. BHS Martin helped Mr. T find ways to feel better.

Thanks to the EHR system, everyone could share information and work together. Mr. T's dental issues were treated, his headaches went away, and he felt happier. The EHR helped make sure Mr. T got the care he needed.
