

SCI May Newsletter- 2025

From Chief Pharmacy Officer, Rob Nutt, RPh:

“Beginning May 1st, aspirin will no longer be offered at Medline. For those patients who are suffering from mild to moderate pain from headaches, muscle aches, menstrual periods, colds and sore throats, backaches and other associated symptoms, ibuprofen and acetaminophen are available at the housing unit. In addition to calcium carbonate (Tums®) for acid indigestion, heartburn and upset stomach, these products are available for self-use. If your health care needs are of a greater need, please see your medical provider.”

Law Library Closure: Week of April 28-May 2, 2025

DOC Law Libraries will be closed across the state for all-staff training during the last week of April. Annual training allows us to keep Library Coordinators up-to-date and increase the quality of services provided within institutions and to AICs. We appreciate your understanding and look forward to resuming regular services after this event.

Please plan to make law library requests around these closures. If you have a deadline during this time, please plan to have all work completed prior as we will be unable to provide services during our planned closure.

Institution-specific information is posted in the facility library.
