NOTICE OF FEE INCREASES-Stop Payment and Check Copy Requests

The Oregon State treasury has increased the processing fees imposed on all government agencies for check stop payment requests and cashed check image copy requests.

Check stop payment request processing fees have increased from \$10 to \$11 per check

Cashed check image copy processing fees have increased from \$1.50 to \$2.00 per check

These increased processing fees have been imposed by the Treasury immediately, however, in order to provide the AIC population with proper notification, Central Trust will not implement these increased fees until September 01, 2025. Central Trust will continue to process check stop payment fees and check image copy requests at the previous rate noted on the current forms until September 01, 2025, after which the new fee will be imposed.

Health Services News The Oregon Department of corrections (DOC) has been making major improvements to healthcare for adults in custody (AICs) by bringing in experts, increasing staff, and updating operations.

The Health Services Division has already made several changes to the Therapeutic Levels of Care (TLC) process that remove delays in access to care. Offsite medical scheduling has been reorganized to help address the backlog of needed outside medical trips. DOC is also in the process of switching from using paper medical records for AICs to electronic health records (EHR). The update is a two-phase process and will be fully complete by the end of 2025.

Earlier this year, DOC hired the Falcon Group, a national consulting firm specializing in correctional healthcare, and they have conducted a thorough review of DOC's healthcare system. Falcon has provided DOC with a report of their findings, key observations, and a series of recommendations as part of their report. DOC will take the next 120 days to review the report and determine next steps. We are committed to providing the care you need while incarcerated. Thank you for your patience and understanding. The report will be available on AIC tablets and kiosks.
