Magazine and Book Reviews by Mailrooms

Books and magazines that come through ODOC's mailrooms are each reviewed individually to determine if they meet the standards set forth in ODOC's mail rule, which can be found at OAR Chapter 291, Division 131 "MAIL (AIC)".

Under OAR 291-131-0037 8(b), "Vendors that repeatedly send prohibited content to adults in custody after multiple violation notices informing them of mail rule standards may be restricted."

Currently, there are no magazine vendors prohibited based on this criterion. What this means is you can subscribe to any magazine you'd like, but each issue of the magazine will be reviewed as it arrives at the facility. If mailroom staff determine that a specific magazine issue violates the rule, it is marked in the system as "provisionally rejected" with the suspected violation noted for review by the mail rule central administrator. When magazine issues or books are provisionally rejected, they are held at each facility mailroom until the next steps of the review are taken. The central administrator will then either confirm the rejection or will disagree and the magazine issue will not be rejected. This is why a magazine issue may be ok one month, then the next issue rejected the next month.

*There is an appeal process for these magazine issues or books that are provisionally rejected by the mailroom staff and confirmed for rejection by the central administrator. As written in the CD618A "Mail Violation Notice" the appeal is sent to **the Functional Unit Manager at the facility where the violation notice was written**. This is the Superintendent at the facility, who likely has a designee responsible for mail. The Functional Unit Manager has the latitude to review the material and determine if they want to allow a magazine issue or book that violates the rule into *the facility they are responsible for*.*

ODOC recently made changes to the mail rule to help mitigate the smuggling of drugs into facilities. **The**

rules regarding pictorial or written content did not change, they are the same.

Note: Magazines change over time. Every new editor may result in differences in the magazine content. When attempts are made to "find the line" of what's ok and what's not, when boundaries are pushed to find where that line is, eventually the line is crossed. There are some magazines which previously had content that did not cross the line, but lately they have pushed across the line with what they write or the pictures they print. When that happens, more individual issues of that magazine end up being rejected. People may assume the entire magazine publication is banned when it is not.

As a customer or potential customer of a magazine, you must determine if you want to spend money on magazines that seem to be rejected regularly.

HEALTH SERVICES

Tree Nut, Sesame, Soy, and Milk Allergy Notice

AICs with tree nut and sesame allergies, who experience anaphylactic reactions, need to report their allergy to Health Services. Health Services already tracks AICs with milk and soy allergies. Food Services just purchased Toasted Oats (Toasted O's), a cereal we have purchased in the past. This cereal is processed in the same facility as tree nuts (almonds), sesame, soy, and milk derivatives (ingredients made from milk). To avoid exposure, you must ask Foodservice staff what dry cereal is being served then self-select by asking for no dry cereal when Toasted Oats are served. During the Fall-Winter 2025-26 dry cereal is on the menu twice weekly. However, institutions may make changes anytime, without notice.

STD Education and Testing

So, to clarify some information:

Some of you are on very expensive medications, whether it be for Cardiac, diabetes, MAT, Mental Health, GI issues, pulmonary issues etc. If the DOC follows certain criteria we in return get a discount on these expensive medications. Thus, allowing us to be able to use the best medications on the market for your health. One of the criteria is STD education and offering of STD testing. Which is why some of you will receive a booklet regarding STDs. We are not singling anyone out. You get your booklet and are offered testing. It is then documented. The criteria is then met. What do a lot of these medications and STDs have in common, who knows. But if DOC can acquire the newest and better medications on the market for our patients by doing this simple thing then that's what we will do.

As always, STD testing is always free and available anytime. Just send a kyte. If you are awaiting results of your testing, please send me a kyte, as with this new system I'm not sure who has, hasn't, or needs to be informed and I can get you scheduled. If you have a parole date coming up quickly, please mention that so I can make sure and get you schedule quicker.

SUBJECT: Operational Change – Head Coverings Indoors

Effective March 22, 2026

Hello Everyone,

The Oregon State Penitentiary is making an operational change due to recent statewide Department of Corrections review regarding AICs wearing hats indoors.

All other DOC institutions no longer allow AICs to wear hats indoors. To ensure consistency to meet statewide expected standards, OSP Adults in Custody are no longer permitted to wear ball caps, blue knit caps, doo-rags, or other non-religious head coverings while indoors. All other DOC institutions already follow or have implemented this practice.

Authorized work-related head coverings, such as those worn by Physical Plant, OCE and Food Service workers, will continue to be allowed while working. Head coverings will continue to be allowed while in your cell. Head coverings will be allowed in the breezeway but not in AIC dining.

This change is being implemented to enhance security practices and to ensure consistency with Department standards.

Thank you.

Subject: Changes to Visiting Days

You may have heard that DOC, like all other state agencies, is experiencing budget pressures and staffing challenges. Because of this, we need to make some changes.

We want you to know that visiting days will be reduced at all facilities in the coming months. If you are in minimum custody, visiting will be on weekends only, unless noted for holidays or special events. If you are in medium custody, visiting will be on two weekdays and on weekends.

We know this is difficult news. Visiting is a key part of supporting the well-being of adults in custody, maintaining family ties, and preparing individuals for successful reentry. DOC remains committed to ensuring visits continue to play a meaningful role within our facilities. We are trying to make this a short-term change, not a permanent one. As budget conditions change, we will always be looking for ways to increase visiting options. Adjusting visiting schedules is one of many steps DOC is taking to help manage the budget challenges while we balance maintaining safety and daily operations such as dayrooms, yard times, programming, education, and other operational requirements.

Let your family and friends know they should call or check with the facility to find out the exact visiting days and times or to check our website. They can also sign up for real-time visiting alerts, so they receive text and emails about changes as they happen.

With Fewer visiting days available, visitors are encouraged to schedule their visit in advance through the ICSolutions website. Booking ahead helps ensure the visit can be accommodated and may help avoid wait times for walk-in visitors.

Para: Todas las Personas Adultas Bajo Custodia

Asunto: Cambios en los Días de Visita

Es posible que hayan escuchado que el DOC, al igual que todas las demás agencias estatales, está experimentando presiones presupuestarias y desafíos de personal. Debido a esto, necesitamos realizar algunos cambios.

Queremos informarles que los días de visita se reducirán en todas las instalaciones en los próximos meses. Si usted se encuentra en custodia mínima, las visitas serán solo los fines de semana, a menos que se indique lo contrario por días festivos o eventos especiales. Si usted se encuentra en custodia media, las visitas serán en dos días entre semana y también los fines de semana.

Sabemos que esta es una noticia difícil. Las visitas son una parte clave para apoyar el bienestar de las personas adultas bajo custodia, mantener los lazos familiares y preparar a las personas para una reintegración exitosa. El DOC sigue comprometido a garantizar que las visitas continúen desempeñando un papel significativo dentro de nuestras instalaciones. Estamos tratando de que este sea un cambio a corto plazo, no permanente. A medida que cambien las condiciones presupuestarias, siempre estaremos buscando maneras de aumentar las opciones de visitas. Ajustar los horarios de visita es uno de los muchos pasos que el DOC está tomando para ayudar a manejar los desafíos presupuestarios mientras mantenemos el equilibrio entre la seguridad y las operaciones diarias, como las salas comunes, los horarios de patio, los programas, la educación y otros requisitos operativos.

Informe a su familia y amigos que deben llamar o comunicarse con la instalación para conocer los días y horarios exactos de visita o consultar nuestro sitio web. También pueden registrarse para recibir alertas de visitas en tiempo real, de modo que reciban mensajes de texto y correos electrónicos sobre los cambios cuando ocurran.

Con menos días de visita disponibles, se recomienda a los visitantes programar su visita con anticipación a través del sitio web de ICSolutions. Reservar con anticipación ayuda a asegurar que la visita pueda realizarse y puede ayudar a evitar tiempos de espera para visitantes sin cita previa.

Assigned Network Storage Space

DOC is making an important change to how adults in custody (AICs) use legal resources on AICnet workstations. From now on, each AIC will have their own personal login. This update will help improve security, track use more clearly, and make online services easier to access.

What's Changing:

- **Individual Logins:** Every AIC will have their own username and password.
- **Storage:** Each login has network storage capability.
- **Improved Security & Reliability:** The new storage system is more secure and dependable.
- **Location-Based Availability:** Storage access may change depending on the facility or area.

Why This Matters:

- **Better Data Protection:** Individual logins help keep data safe and prevent unauthorized access.
- **Improved User Experience:** AICs can always reach their own files and resources.

Effective March 3rd, 2026, the Oregon Department of Corrections will begin requiring AICs at OSP to transfer authorized legal documents stored on their assigned removable media device (RMD) from the Legal Library onto a network storage space as assigned by staff in accordance with OAR 291-139-0190.

Due to inherent security risks associated with RMDs, AICs will be required to transfer all documents stored on their assigned drive(s) to an assigned network storage space by July 1, 2026.

In an effort to minimize disruption and accidental loss of data, Library Coordinators shall securely store previously assigned RMDs for 21 days. If, after 21 days, no report of missing or corrupt data has been made, the Library Coordinator shall dispose of the RMD in accordance with ODOC [Policy 60.3.2 \(III\)\(e\)](#).

AICs who do not comply with this directive shall lose access to their assigned RMD but may choose to either mail out their assigned RMD from the Law Library via USPS to a location of their choosing or purchase a one-time print of all documents that do not pose a significant security risk. An AIC may go into debt to purchase an envelope or a single copy of documents.
