Process for Transport Property

AIC Newsletter Notification

To help mitigate Adult in Custody (AIC) property from being damaged during transport and to aid in the reduction of property statewide, the Department of Corrections is making a shift in how AIC property will be transported. Starting the second week of March, transport property will be placed into large black duffle bags with both incoming and outgoing transports.

AICs property will not exceed two duffle bags. If there is property that exceeds that amount AICs will be given the option to have the property mailed out using parcels/boxes with a CD-28 or they can choose to have their property hot trashed.

The process change corresponds with OAR 291-117-0070 (Inmate Property). The AIC population is encouraged to think ahead if they have surplus property and to decrease it through proper channels.

Moreover, an AIC with 60 months left on his sentence can easily return home with \$8,000-\$10,000 in his pocket.

Apply by Application from your housing unit and send to IWP Kennedy.
Make sure to check that you meet the Call Center criteria.

To qualify you need to meet the following criteria:

- Cannot have any ID theft or fraud charges (some over 10 years are considered based on severity)
- Cannot be in any programs that would conflict with the Call Center work schedule
- Call Center experience is desired but not required

Telephone agents start at 11 PRAS points + a Team Goal Award PRAS match (Double PRAS) You will also be eligible to receive an added bonus from the private company that you work for. The work schedule is Monday – Friday 7:20am to 3:40pm

Coming Soon: Tablet Expansion and Mail Modernization

Soon **every Adult in Custody will have access to their own state-issued tablet**. We'll also move to digitally scanned mail. This will take time to implement, but we want you to know what it means and what you can expect.

Why We Are Doing This

- We want you to have better access to tools that support communication, learning, and personal growth.
- Tablets help AICs stay connected with family, complete programs, and get information in a safe way.
- This will make access to tablets equitable and help those with more demanding work and programming schedules have access to tablet-based services.
- Scanned mail helps make our institutions safe.

What Happens Next

- The move to 1:1 tablets will happen **gradually**, and each facility will get information before changes take place. We anticipate distributing tablets in fall of 2026.
- You will receive instructions about how to use, care for, and secure your device. DOC will share more details as the plan develops.

What are the Details on Scanned Mail

Most personal mail will be scanned and delivered digitally. Legal mail and certain other materials will still be handled physically. More information will be published as we move closer to this becoming a reality. We anticipate implementing scanned mail near the end of 2026. We'll have a more accurate timeframe in a few months.

Our Commitment to You

We know communication, education, and staying connected to loved ones matters. We are committed to making this transition as smooth as possible.

If you have questions, please submit a *Communication System Requests form* to your local Inspector 1.

To access the new form:

- i. Log in to the tablet
- ii. Go to the free profile
- iii. Open the "Requests" app
- iv. Click on the "Others" category
- v. Select the "Communication System Requests" form

Subject: Policy Review: Time-Served Credit Calculation Under ORS 137.370(4)

The Oregon Supreme Court's decision in *Torres-Lopez v. Fahrion* has significantly changed how the Oregon Department of Corrections (ODOC) calculates Time Served Credit (TSC) under Oregon Revised Statute (ORS) 137.370(4).

In July 2025, the Offender Information and Sentence Computation (OISC) unit began reviewing sentences imposed on or after August 1, 2015, to determine potential impacts from *Torres-Lopez v. Fahrion*. OISC worked closely with the Oregon Department of Justice (DOJ) to refine and establish DOC's policies regarding TSC calculations, ensuring they align with the Court's intent.

Key Points About This Review

- **Prioritization:** Reviews will be prioritized based on projected release dates.
- **Eligibility:** Only sentences imposed on or after August 1, 2015, will be reviewed.
- **Re-Review:** Sentences reviewed under former TSC policies will be re-reviewed to ensure compliance with current policies.
- **Notification:** If an Adult in Custody (AIC)'s projected release date changes, the AIC will be notified through written communication delivered via institutional mail to the AIC's housing unit. The notice will include:
 - Updated projected release date
 - An explanation of the change

Questions about sentence calculations?

AICs may submit an AIC Communication Form (CD214) to their Prison Term Analyst (PTA). The PTA can provide a detailed breakdown of the sentence calculation, explain the application of TSC, and address any other questions related to the sentence. If an AIC believes they are entitled to additional TSC under ORS 137.370(4) or that their calculation is incorrect, options include:

- Working with legal counsel to obtain a corrected judgment
- Consult with a Legal Assistant in the facility's Legal Library
- Write to the sentencing court for the affected case(s)

Due to the volume and complexity of reviews, this process will take time, and not all reviews will result in a change to projected release dates.

Lessons from Norway—Trust:

What does “trust” mean to you? Trust has so many dimensions in our lives—in our relationships, our business dealings, how we gage our environment, and even how we choose to see ourselves. In Norway, trust is not only part of their rehabilitation system, but also an integral part of their culture. Norwegians prioritize trust as a country, so much so, their prison systems reflect how important trust is for people to grow as a person and move forward in a positive direction. Trust heals.

As we build the PRCF Contact Officer program, it becomes more apparent just how significant trust is to this program, and our facility. Change can only happen if both staff and AICs trust the process of communication, accountability and setting boundaries. We have learned from our Norwegian partners that “*The good work for release starts the first day. Prison is about (the AIC’s) release.*” The primary focus of this *good work* is trust... and joy. As you go throughout your day, think about what trust means to you and how believing in yourself and others brings joy to your life. How are these concepts weaved throughout your day and how can they help you prepare for that first step out of the gate? Your future? Your relationships with your family, friends and co-workers? How different would your life look if you prioritized trust and joy? The good work for release starts the first day. That first day is now.

Weekly Quote:

Learning to trust is one of life’s most difficult tasks. (Issac Watts)

TRANSITION FROM PPD SKIN TEST TO T- SPOT BLOOD TEST

Effective immediately, tuberculosis (TB) screening for all adults in custody will transition from the traditional PPD (tuberculin skin test) to the T-SPOT blood test.

This change is being implemented to improve accuracy, consistency, and efficiency of the TB screening process. The T-SPOT test requires only a single blood draw and eliminates the need for follow-up visits to read skin test result.

KEY POINTS

- The T-SPOT blood test will replace the PPD skin test for all routine and intake TB screenings.
- Scheduled screenings will continue as planned using the updated testing method.
- Staff will provide instructions and support throughout the transition to ensure minimal disruption.

If you have any questions regarding this change, please contact Health Services.

Thank you for your cooperation as we implement this improvement within our facility.

Tablet Deployment Questions

Thank you for the many thoughtful questions that have come in regarding the 1:1 tablet deployment and the upcoming mail-scanning changes. We truly appreciate the level of interest and engagement.

We are at the initial phases of this project and will communicate details as they become available. To help with this, we want to share a quick update on the current process:

- The Inspector 1s are gathering your questions.
- At this time, Inspector 1s will not be able to provide immediate answers to every kyte.
- We will review the questions and provide answers as they become available.
- These answers will be shared with everyone in a Frequently Asked Questions (FAQ) document, which will be posted and updated in the Tablet Announcements section and published in this newsletter. There is also a FAQ publicly available to your friends and family at:
engage.doc.oregon.gov

To help ensure we can get responses out as efficiently as possible, please avoid submitting duplicate questions through multiple kytes to multiple people. **Duplicate submissions slow down the review process for everyone.**

Thank you for your patience and continued interest in this project. We look forward to sharing more information as details are finalized.

Why Certain Communication Records Are Not Publicly Shared

The Oregon Department of Corrections (ODOC) is committed to supporting successful reentry by encouraging adults in custody to maintain meaningful connections with family and friends. Research shows that regular contact—through visits, phone calls, and messages—can improve behavior and reduce the likelihood of reoffending.

To support these outcomes, Oregon law allows ODOC to keep certain records confidential, including visitor logs, phone communication records and recordings, tablet and MP3 messages, and information that could identify individuals communicating with an adult in custody.

Why This Information Is Kept Confidential

- **To support a respectful and welcoming experience**

The Attorney General has recognized that individuals may be less likely to connect if their personal information or communications could become public. Protecting privacy helps ensure people feel comfortable maintaining these important relationships (*Crombie, February 17, 2017*).

- **To strengthen rehabilitation efforts**

Consistent communication with supportive individuals plays a key role in rehabilitation. Maintaining confidentiality helps remove barriers to that contact and supports positive outcomes (*Crombie, 2017; Contreras, January 6, 2020*).

- **To serve the broader public interest**

Under Oregon's Public Records Law, records may be withheld when confidentiality better serves the public. The Attorney General determined that protecting this information supports rehabilitation and community safety, while public disclosure provides limited benefit (*Crombie, 2017; Contreras, 2020*).

Summary

Certain visiting and communication records—including phone, tablet, and MP3 messages—are not publicly shared to encourage continued connection between adults in custody and their support networks. Protecting this information supports rehabilitation and contributes to safer communities.

Postage Announcement

On the next page is an announcement from USPS.

What You Need to Know

- The temporary USPS price increase affects packages only. Any item sent that requires postage to be applied at the time of mailing – including parcels and larger or rigid envelopes that USPS classifies as packages – will cost more during the time-limited rate change.
- #10 business envelopes from Canteen are not affected (as long as they meet the weight and shape restrictions). These envelopes already include pre-printed postage and are not part of the USPS price adjustments. **It may affect the larger canteen envelopes that the USPS treats as packages due to their size and shape.**
- It does not affect First-Class mail or stamp prices, so routine letter correspondence remains unchanged.

Example anticipated, estimated postage costs for commonly mailed items:

- Musical Keyboard ≈ \$135
- Guitar ≈ \$115
- One Harry Potter Book ≈ \$13

Keep in mind that the region to which you are mailing the item *also* affects the pricing.

Magazine and Book Reviews by Mailrooms

Books and magazines that come through ODOC's mailrooms are each reviewed individually to determine if they meet the standards set forth in ODOC's mail rule, which can be found at OAR Chapter 291, Division 131 "MAIL (AIC)".

Under OAR 291-131-0037 8(b), "Vendors that repeatedly send prohibited content to adults in custody after multiple violation notices informing them of mail rule standards may be restricted."

Currently, there are no magazine vendors prohibited based on this criterion. What this means is you can subscribe to any magazine you'd like, but each issue of the magazine will be reviewed as it arrives at the facility. If mailroom staff determine that a specific magazine issue violates the rule, it is marked in the system as "provisionally rejected" with the suspected violation noted for review by the mail rule central administrator. When magazine issues or books are provisionally rejected, they are held at each facility mailroom until the next steps of the review are taken. The central administrator will then either confirm the rejection or will disagree and the magazine issue will not be rejected. This is why a magazine issue may be ok one month, then the next issue rejected the next month.

There is an appeal process for these magazine issues or books that are provisionally rejected by the mailroom staff and confirmed for rejection by the central administrator. As written in the CD618A "Mail Violation Notice" the appeal is sent to **the Functional Unit Manager at the facility where the violation notice was written**. This is the Superintendent at the facility, who likely has a designee responsible for mail. The Functional Unit Manager has the latitude to

review the material and determine if they want to allow a magazine issue or book that violates the rule into *the facility they are responsible for*.

ODOC recently made changes to the mail rule to help mitigate the smuggling of drugs into facilities. ***The rules regarding pictorial or written content did not change, they are the same.***

Note: Magazines change over time. Every new editor may result in differences in the magazine content. When attempts are made to "find the line" of what's ok and what's not, when boundaries are pushed to find where that line is, eventually the line is crossed. There are some magazines which previously had content that did not cross the line, but lately they have pushed across the line with what they write or the pictures they print. When that happens, more individual issues of that magazine end up being rejected. People may assume the entire magazine publication is banned when it is not.

As a customer or potential customer of a magazine, you must determine if you want to spend money on magazines that seem to be rejected regularly.

Prison Rape Elimination Act (PREA Information)

The Oregon Department of Corrections (ODOC) has a zero-tolerance policy for sexual abuse, sexual harassment and for retaliation for reporting an incident. You may report in person to any staff, through an AIC communication, through the grievance system, by calling the PREA hotline by making a language selection, then dialing 91 from any AIC phone.

Filing an Anonymous PREA Report

If you are uneasy about filing a PREA allegation, you may file an anonymous report with an outside agency. You may write to: Governor's Constituent Services Office 900 Court Street NE, Suite 254 Salem, Oregon 97301

Please indicate in the beginning of your letter you are filing a PREA allegation, and you are requesting to remain anonymous. The Governor's Office will refer all anonymous allegations to the DOC PREA Coordinator to assure an investigation is completed based off the information that is provided.

Opposite Gender Viewing/Announcements

Opposite gender staff announcement themselves when entering a housing unit by ringing a bell. This must be done any time the status quo of the gender supervision on a housing unit changes (if there is already an opposite gender staff on the unit then there is not needed to re-announce). When you hear the doorbell, opposite gender staff will be entering the housing unit so please make sure you are covered up appropriately.

It is also important you undress in the appropriate locations. If you are in a bunk area, there are cameras throughout the facility so the designated changing/bathroom areas are the only areas you should be without undergarments. Opposite gender viewing may happen incidentally when staff are conducting routine cell checks. You can minimize this by keeping aware of the gender of supervision in your housing unit and ensuring you cover up when possible.

Community-Based PREA Advocacy (Support) Program

ODOC has partnered with community based, confidential advocates of sexual abuse victims to provide services to AICs. AICs at ODOC who have experienced sexual abuse may reach a community-based advocate by making a language selection, entering your AIC PIN, then press 0*711 AIC telephone systems, or may request a private call through the PREA Compliance Manager at the facility.

Advocates provide victims of sexual abuse information about their options, resources,

information, and emotional support. There is no charge for calls to advocates.

The community-based advocacy crisis line is for individuals needing assistance coping with sexual abuse related issues and should not be used for other purposes.

Telephone calls and mail with community-based advocacy centers is considered privileged

communication and will be handled like legal calls/official mail. All advocacy calls are not monitored or recorded.

Advocates provide confidential support and crisis intervention, inform you about the investigation and medical examination process, educate you about healing from sexual abuse and offer resources and referrals.

Advocates will not tell you what to do, communicate with the institution unless you request them to do so and sign a release and will not provide legal advice.

Community-based advocacy centers provide sexual abuse support to people of all genders. Community-based advocates will not report unless you request them to do so and if you sign a release of information.

VICTIM SERVICES PROGRAMS

RESPONSIBILITY

LETTER BANK

The Responsibility Letter Bank is a structured letter writing process that provides adults in custody (AIC) with the opportunity to demonstrate responsibility for their crimes and express remorse for the harm they may have caused.

The program provides crime victims/survivors with the choice to receive information in a safe manner.

- ◆ AIC's may initiate the process by applying to participate in the program
- ◆ Crime victims/survivors may inquire with Victim Services to find if they have a letter available for them
- ◆ Victims are not contacted about the availability of a letter if they have not registered with the Bank through Victim Services
- ◆ Victims decide whether or not they wish to receive a responsibility letter and whether or not the AIC is informed that the victim received or read the letter
- ◆ Participation does not constitute permission for the AIC to make additional contact
- ◆ Victims may choose to respond to a responsibility letter through the program,
however, further correspondence requires the approval to participate in the FDP
- ◆ Letters will be reviewed by the Victim Services Program for appropriateness
- ◆ Accepted AIC letters will be deposited in the Responsibility Letter Bank
maintained by Victim Services
- ◆ Letters are voluntary and will not affect an AICs good time, release date, or post-prison conditions
