TABLET AND SCANNED MAIL PROJECT UPDATES

TABLET DEPLOYMENT-

*We are still preparing to issue ever AIC a tablet.

*The timeline has moved back. We now expect tablets to arrive in late fall or early winter.

*The company making the tablets had delays because of shipping and world-wide resource problems.

*You do not need to do anything right now. We will share more updates as we get closer.

*After all the equipment is here, we will share the list of which facilities switch over first.

SCANNED MAIL-

*Scanned mail will not start until after everyone gets a tablet and the system is working well.

*Until then, physical mail will stay the same.

*When we get closer, we will explain everything clearly so you and your friends and family know what to expect. They can follow the project updates online at <https://engage.doc.oregon.gov/>

WHAT YOU CAN EXPECT-

*We will keep sharing updates in newsletters and on tablets.

*We will give plenty of notice before any changes happen to physical mail.
